1+1 DEGREE PROGRAM

Shobhit Institute of Engineering and Technology, commonly known as Shobhit University, India, was established in 2006 and has since then distinguished itself as an institution committed to excellence in education and research. Acknowledged as a Deemed-to-be University by the Government of India, Ministry of Education, Shobhit University has earned this esteemed status under section 3 of the University Grants Commission Act 1956. This recognition underscores the university's dedication to maintaining high standards of academic quality and its contribution to the advancement of higher education in India.

Shobhit University is a distinguished institution with a prestigious NAAC 'A' Grade Accreditation. Renowned for its research-intensive approach and multidisciplinary ethos, the university is committed to delivering high-quality education amidst a globally competitive landscape of advanced research. Notably, it has consistently produced exceptional engineers, managers, researchers, and entrepreneurs, who have garnered recognition and made significant contributions to various industries worldwide.

Established in 1995, the NICE School of Business Studies at Shobhit University has emerged as a top-ranking B-School in India, securing a position in the prestigious top 32. With a robust alumni network boasting over 50,000 graduates, the university's influence extends globally, underlining its commitment to excellence in education and fostering a strong community of professionals.

Student Testimonials

Riya Chavan, M.B.A. 2023.

“The University of Toledo Neff College of Business and Innovation has a lot to offer. The resources that the University has, would not only help you in preparing yourself for your career ahead after your degree but it would also help you in your own overall development. The professors have extensive knowledge of their fields and are always ready to help you. Apart from that, the college also gives you several opportunities through competitions and practical projects that can help you apply what you have learnt. The Riya that set her foot in for the very first time at the University of Toledo and the Riya that will be graduating this semester, has a vast difference and has grown tremendously as an individual!”

Shweta Rani, M.A.B.A. 2022.

Shweta has recently accepted a full-time job offer from Owens Corning as a “Manufacturing IT SAP Functional SME”. Owens Corning is a Fortune 500 company that produces insulation, roofing, and Fiber glass composites related products. It has branches across the world and the head office is located in Toledo, Ohio.

“I have always wanted to learn about data and understand how companies make decisions by analyzing the information. At UToledo, I gained exposure to working on real business problems, not just theoretical knowledge. The MABA program at University of Toledo is so well designed and helps you learn all the analytical skills which will help you solve real business problems.”
